# DISNEYLAND VACATION PLANNER

## TOP Disneyland TIPS

RESORT®

Our 3-Day and longer Disneyland Resort tickets include one Magic Morning early entry. With a Magic Morning, one day of your stay, you'll be able to get into **Disneyland Park** one hour before the park opens on select days.

Take advantage of the Disney FastPass Service. FastPass selections are completely free and allow you to virtually save your place in line at select attractions and provide reserved viewing areas for entertainment.

If you're traveling with children or toddlers who don't meet certain height requirements for attractions, or they simply don't want to ride, then Rider Switch is a great service for you. With Rider Switch, one supervising guest (must be 14 years or older) can wait with non-riders, while the other members of their party enjoy the attraction. Once they get off the attraction, they can switch roles with the supervising guest. This way, the supervising guest can experience the attraction without having to wait in the regular queue again.

Disney  
**MaxPass**

MaxPass is a \$15 per person, per day add-on to your Disneyland ticket. With MaxPass, you can reserve and redeem digital FastPass selections directly from your smartphone through the Disneyland app. MaxPass also includes Disney PhotoPass, which allows you to download and save all of your PhotoPass images captured throughout the day.

### MOBILE ORDERING

Mobile Ordering is one of our top time-saving tips when visiting the Disneyland Resort. Instead of waiting in line to order your food, you'll be able to order, pay and pick up delicious meals directly from your phone. The best part? It's completely free to use!
