

LEGOLAND

Vacation Countdown

When you build this awesome LEGO car,
we can start our LEGOLAND trip.
The instructions are included in the box...
but, there is a little trick!

Each day before our road trip, you get to
add a few more bricks.
Watch for clues on how far you can go.
Make sure all the pieces click.

When the days are through and the car is built,
it is time to celebrate.
We can pack the car and head for the Coast!
Fun memories we will make.

At LEGOLAND there are exciting rides and
cool LEGO cities to explore.
We will eat yummy food, drive real LEGO cars,
play together, and so much more.

So, get building now! Just one week to go.
The wait will be fun with these new LEGOs.
